

DESCRIPTION OF VARIOUS DISCOUNT PROGRAMS

We have various discount / tuition assistance programs available: Feel free to ask for information regarding the Family Discount (for multiple children) or the Continuing Education Discount available for parent(s) enrolled in college. These discounts, if granted, are valid each month as long as the payments are made timely during each month (on a current basis).

- The **PREPAYMENT DISCOUNT PROGRAM** is for any parent that chooses to "pre-pay" tuition:

We are now able to schedule auto pay tuition checks on a bi-monthly and/or ever other week basis! **You choose the day of the week or month that works best for you!** However, if you prepay by the **15th of the prior month**, we will deduct / discount **\$10.00** from the monthly amount due. In order to qualify for this monthly discount, **payment must be made through the school's automatic check payment option by the prior 15th**. You can quit the auto pay program anytime by giving us notice: See auto pay form for details.

- **The longer term prepay option:**

You may take advantage of the "**PERCENT DISCOUNT MONTH CLUB**" available for parents wishing to prepay several months of tuition. Simply refer to the chart below to find out what discount applies to your prepayment (**not to be combined with other discount programs**).

THIS DISCOUNT PROGRAM CAN BE PAID WITH CHECK, DEBIT CARD OR CASH ONLY BUT NOT CHARGED TO A CREDIT CARD. WHY? BECAUSE MOST CREDIT CARD COMPANIES OFFER CARDHOLDERS DISCOUNT / INCENTIVE PROGRAMS WHICH END UP CHARGING THE END USER (SCHOOL) UP TO 5% MORE IN FEES ! WE DO, HOWEVER, ACCEPT THESE CHEDIT CARDS FOR THE NON-DISCOUNTED REGULAR TUITION FEES.

Discounts are conditional and are at the discretion of Administration. They are extended to currently maintained tuition accounts only. Past due accounts lose all rights to pre-arranged discounts. If you prepay and later find you need to give proper notice to leave, a refund for unearned tuition per contract terms will be issued within 60 days.
